

Cover Mesh 330 & 460 is a premium quality yarn coated PVC mesh which is ideal for a wide range of coverage and protection applications including retractable truck covers, caravan and camping products as well as stone guards & sand pit covers. It is soft and flexible with excellent stay flat properties, is easy to sew & weld & has excellent strength & yarn adhesion within the weave. 130i has been specifically designed to restrict sand flies and smaller insects from passing through while 170i is a traditional insect mesh to keep out the majority of insects.

Basic Physical Data

Weight: 170 gsm +/-
Composition: 35% Polyester / 65% PVC

Thermal Data

 **Physical Characteristics**

Tearing Strength 159N Warp 142N Weft (AS4878.7)
Flame Retardant No
Weight 170 gsm +/-
Tensile Strength 1315N Warp 1272N Weft (AS4878.6
Method 2)
Elongation at Break TBA
