

ROTEX Signage Textiles

Blakout
Indoor Soft Signage & Banners
DSEB260

Blakout is a 260gsm, 300 x 300 denier woven polyester fabric with an opaque black rubber acrylic backing which is FR treated to B1 standard. Blakout's texturised base fabric is super-smooth and wrinkle resistant, and offers vibrant colour reproduction when printed using UV, Latex or dye transfer methods. It's light and easy to transport, and stretches tightly over framing systems, making it easy to handle on site. The backing not only makes Blakout fully opaque, but also waterproof, so it's ideal not only for roll-ups, banners, backdrops and pop-ups, but also for outdoor ads, promotions and events.

Product information

Composition:	Polyester with rubber acrylic backing
Main Applications:	Roll-ups, banners, backdrops, pop-ups, outdoor ads, promotions, events
Features:	Woven polyester, opaque black rubber acrylic backing, waterproof, FR treated to B1 standard
Benefits:	Super smooth fabric, opaque backing, stretchable, excellent printability, suitable for indoor or outdoor use.
Surface Treatment:	Dye Direct Formula
Storage Conditions:	Store at 20~30°C and 30 ~ 50% relative humidity.
Shelf Life:	1 year from date of manufacture

Certifications

Application

- Roll-ups, banners, backdrops, pop-ups, outdoor ads, promotions, events

Manufacturing

- ISO 9001:2008

Weight

- 260gsm

Stock Availability

Sheet Sizes:	Not available
Roll Widths (mm):	3100
Roll Lengths (mtrs):	50
Log Cutting:	Available
Standard Core:	76mm ID
Sheet Cutting:	Not available

Durability

- Test product in applications prior
- Test product in applications prior

Printing

Method:	UV, Latex or Dye-sublimation Direct / Transfer
Printable Sides:	1 side
Ink Suitability:	Dye Transfer, Dye Direct, UV, Latex

Eco Response

Heavy Metal Free

- Yes

Safety Compliance

- RoHS, Reach

Basic Physical Data

Weight:	260gsm
Composition:	Polyester with black backing
Denier & Density:	300 x 300 denier
Gloss Level:	Satin

Thermal Data

ROTEX Signage Textiles

Blakout
Indoor Soft Signage & Banners
DSEB260

Physical Characteristics

Flame Retardant	B1
Visual Light Transmission	Opaque
Weight	260gsm
Density / Threads	300D x 300D
